MEMORANDUM FOR: Deputy Director for Intelligence  
SUBJECT : NIE 11-14

25X1A9a

25X1A9a

1. It occurs to me, in connection with [redacted]'s fulminations (before having seen it) at [redacted] 215-paragraph 11-14 draft, that he may not be familiar with the Director's superbly drafted memorandum of 4 May 1970. In it, you will recall, the Director said in paragraph 4:

"The paper I envisage represents a sharp break from the format of the past. The basic section would be more specific in detail, more technical in its discussion, and more involved in sorting and evaluating the evidence."

2. If the occasion comes up, perhaps you could bring this to [redacted] attention. 25X1A9a
